Dear Customers,

It is the end of another year and again it has been a busy year for both centres, with many new smiling faces around at both Nepean Aquatic Centre and Eva Bory's. We would like to take this opportunity to thank you for your continued support throughout this busy year and also thank the dedicated staff for their hard work. Please be safe in and around the water these holidays. It is most crucial to keep a close watch on your children, as it is at this time of the year they are most likely to be exposed to the dangers of water. We wish you and your families a very Merry Christmas and a happy and safe New Year! All the best for 2018!

Terry's Christmas Corner:

Hello swim schoolers, I can't believe another year is coming to an end. Christmas is a great time for children but time for us oldies to wonder where the year has gone.

Through our Learn to Swim, School Intensive, School Holiday, Achievers and other programs we are teaching thousands of children each year how to swim and water safety. Combine this with our Swim Safer, media activities & marketing programs, which reach thousands more, we are getting the safer swimming message out there.

But.....Firstly, I'd like to take this time to thank all of our customers for your continued support and your promotion of swimming throughout the year but there is more that you can do to help. When you are out socialising during the Christmas / New Year break, enjoying those uniquely Aussie traditions of Pool & BBQ, keep an eye out for any child or adult not enjoying the aquatic activities. All you have to do is tell them to get some swimming lessons. Not learning means missing out on a life time of fun and fitness in the water. All ages can learn and there are swim schools everywhere, so it doesn't matter where you are partying.

Have a wonderful Christmas and safe New Year. Thanks again for making swimming a great activity for life for you and your children.

Please keep the discussion topics coming in to terry@nepeanswim.com.au. Until next month: Stay Safe Around Water, thanks for reading, Terry.
